**Build Robots.... Write Code... Engineer...**

In Robotics: LEGO WeDo 2.0, the curriculum encourages students to collaborate and share their discoveries as they build, program, and modify projects. Students collaborate and use digital technology to design and build their own robots. Robots are operated by a tablet and include a SmartHub, motor, and sensors. Students learn to use gears and pulleys to program robots that move, crank, spin, and communicate!

**Young Chefs**, brought to you by *Creative Enrichment*, provides a unique interactive cooking experience for students grades K-5th grade. Young Chefs teaches children the joys of cooking, basic cooking ingredients, nutrition, and the accomplishment of creation.

Our Young Chefs will work together to prepare fun, delicious, nut-free recipes. We explore how chefs use math, science, creative art, history, language arts to create the food we eat. At the end of the cooking program, each child will go home with a *Young Chef's Recipe Book*, featuring all the scrumptious recipes we prepared in class.
